

*Welcome to  
Paradise*

## CALIFORNIA OUTDOOR CONCEPTS

*is proud to announce the  
Tradewinds Series.*

Each firepit table is hand crafted from your choice of materials. We use metals that are wrought, formed or cast with stone that has been cut from mountains millions of years old. Our manufacturing process involves no production lines and eliminates the assembly of parts and pieces.

The new Tradewinds Series from California Outdoor Concepts will bring a calming island feel to any outdoor room. With many choices to choose from, you cannot make a wrong choice. We guarantee that your customers will experience a lifetime of enjoyment from our unique selection of firepits.
